

# CHISAGO COUNTY TRASH CONTAINER PLACEMENT POLICY 2012-2013

## I. POLICY STATEMENT

Chisago County Public Works is concerned about the placement of trash containers along the side of County roadways on trash pickup days. Many of these containers are placed on the edge of the road which interferes with traffic traveling the roadways and the Chisago County Public Works' snow plowing operations.

Chisago County will not be responsible for containers or personal property damaged from our snowplows.

## II. POLICY GUIDELINES

A. Please place the containers within your driveway. The containers should be placed **behind** the shoulder of the road. Please see the attached sketch.
