

RESIDENTIAL BEST MANAGEMENT PRACTICES COST-SHARE PROGRAM

The Chisago Lakes Lake Improvement District and the Soil & Water Conservation District (SWCD) have partnered together to provide cost-share incentives for up to 50% (\$1,500) of the cost of installing a water quality best management practice (BMP) on their property. Projects installed in the first year of the program include: pervious pavers, shoreline restorations and hillside erosion control practices.

Partners:

Chisago Lakes Lake Improvement District
Chisago Soil & Water Conservation District

Targeted Water:

Chisago Lakes Chain of Lakes Watershed

Completion Date:

2015
