

HANDICAP ACCESSIBLE FISHING PIER

Chisago City owns and maintains the Little Green Lake public water access. The access was completely reconstructed in 2014. As part of improvements to the access, Chisago City partnered with the Green Lake Association and Chisago Lakes Lake Improvement District (LID) to install a handicap accessible, Americans with Disabilities compliant, fishing pier. The Little Green Lake public water access is located near multiple assisted living facilities.

Partners:

- City of Chisago City
- Green Lake Association
- Chisago Lakes LID

Status:

- Installed summer 2017.
