

CHISAGO LAKES WATER TRAIL SYSTEM

A water trail provides an opportunity to connect people to water-related activities for a safe and enhanced experience. The Chisago Lakes Water Trail is part of the Chisago County Comprehensive Parks and Trails Plan. A water trail system serves the Chisago Lakes communities in many ways, including promoting outdoor recreation, environmental awareness and education and providing economic benefits to area businesses. The Chisago Lakes Water Trail uses existing public water accesses located within the Chisago Lakes Lake Improvement District.

Partners:

- Chisago Lakes Water Trail
- Chisago County
- Minnesota Department of Natural Resources
- City of Lindström
- City of Chisago City
- City of Center City

On May 29, 2017 the Chisago Lakes Water Trail sponsored a Memorial Day Paddle event. Paddle enthusiasts canoed, kayaked and paddle boarded through three scenic water trail routes meeting at the shoreline of North Center Lake at Allmansrätt Park for a picnic lunch.
